GLOBAL WARMING: OPPORTUNITIES AND CHALLENGES FOR CAREERS IN BUSINESS

La Hulpe, 21/06/2008

by Patrizia POGGI, DG RTD

PURPOSE:

- To stress EU commitment to fight climate change and rationale behind it.
- To show that we can convert the climate threat into an opportunity to move to a low-carbon economy and increase competitiveness.
- To present the **4** key elements of the climate and energy package:
 - 1) EU emissions trading scheme
 - 2) Non-ETS sectors
 - 3) Promoting increase in share of renewable energy
 - 4) Low-carbon technologies (Carbon capture and storage, Strategic Energy Technology Plan)
- To stress EU leadership on the international scene
